

AIR PURIFIER

FEATURES

- 1 USB powered
- 2 Compact in size
- 3 Unique technology
- 4 Maintenance free
- 5 Available in 3 colors
- 6 Light weight portable design

KOROSUKE
mini

Clean Air Anywhere with KOROSUKE Mini

KOROSUKE Mini Utilizes state-of-the-art technology where UV LED is applied to photocatalyst particles (TiO₂) to decompose harmful substances into water and carbon dioxide!. It can be easily be carried to any location to purify air in your surrounding.

Application examples

Inside car

At conferences

In workplace

At study desk

In hospital

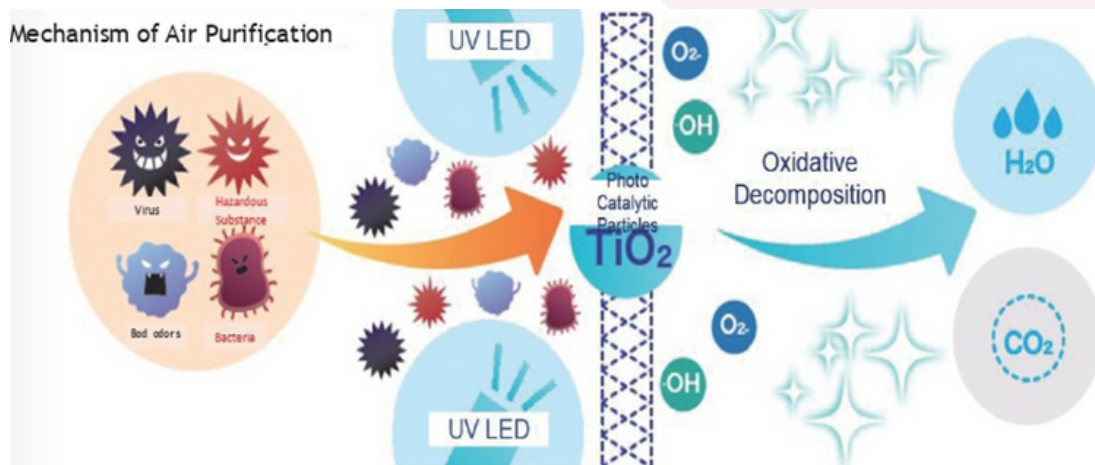

In coffee shop

KOROSUKE Mini AirPurifier

KOROSUKE is a new air purifier that combines photocatalyst and UV LED technology to decomposes Viruses, bacteria & odors.

Mini!

Unique Technology

By irradiating the high-density photocatalyst particles, which is a unique technology, with UV LED, active oxygen (OH radical) is generated on its surface and oxidizing power is generated. Instantly decomposes harmful substances such as viruses, bacteria, and odors contained in the air that passes through the device.

Distinguishing Points

1

No built-in filter, only maintenance required to remove dust occasionally from the suction inlet. Unlike active carbon filter, photo-catalytic technology is self-regenerating and air purifier can be used continuously without maintenance.

2

It can be powered through any USB outlet, PC, Laptop & Portable Power Bank to get clean air anywhere. The USB connection is ideal for desk space. Even a small, it can clean the space firmly.

3

Compact, Palm Size, Small & light weight (~395gm) only, can be carried easily anywhere.

Specifications

Power Source:	USB powered
Dimensions:	100 W x 100 D x 83 H (mm)
Net Weight:	395 gm
Unit Voltage:	DC5V
Wind Volume:	Two Ways, High and Low
Power Consumption:	2.4 W(High), 2.0 W (Low)
Applicable Temperature:	0°C ~ 40°C
Applicable Humidity:	20% ~ 85%
Adaptive Capacity:	24 cubic meter
Accessory:	USB (Type C) cable

Body Color: Black, Brown, White

DUE TO CONTINUOUS PRODUCT IMPROVEMENT, THE DESIGN AND TECHNICAL SPECIFICATIONS ARE SUBJECT TO CHANGE WITHOUT PRIOR NOTICE
