

Breathe clean  
air anytime,  
anywhere!

Personal Air Purifiers

**KOROSUKE**

**Petit**

KOROSUKE Petit is a compact air purifier that utilizes photo-catalytic technology together with UV LED exposure to decompose airborne viruses, bacteria, bad odor and other toxic substances and outlets purified air.

It is USB powered and has filterless maintenance free design to provide clean air in your own personal space

\*Mechanism of Air Purification

## UV LED Space Purifier Unique design

KOROSUKE utilizes photo-catalytic technology and UV LED to decompose virus, bacteria, bad odor and other harmful substances in air into harmless H<sub>2</sub>O and CO<sub>2</sub> thus yields clean air.

### Feature 1

No built-in filter, only maintenance required is to remove dust occasionally from the suction inlet section. Unlike activated carbon filters, photo-catalytic technology is self-regenerating and air purifier can be used continuously without maintenance.

### Feature 2

It can be powered through any USB outlet, PC, Laptop and portable power bank to get clean air in your own space anytime, anywhere.

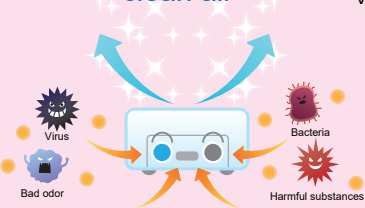

### Feature 3

Compact, small, light weight (approx. 230 gm), can be carried easily in laptop bag or personal carry bag.

Width 102mm  
Depth 102mm  
Height 62mm

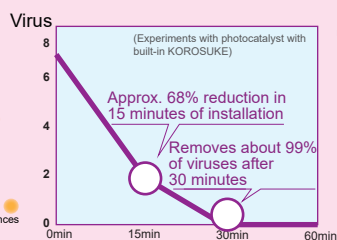

## Suctioned contaminated air is transformed into clean air

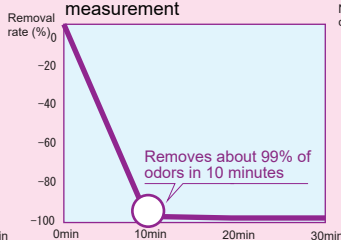

### Effects of the Demonstration Experiment

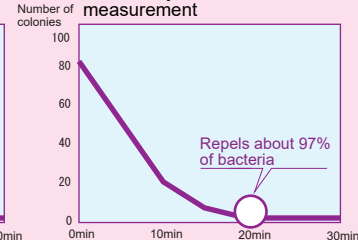

#### Virus Removal Effectiveness Test Virus count measurement

#### Deodorant Effectiveness Test Acetaldehyde concentration measurement

#### Deodorant Effectiveness Test Acetaldehyde concentration measurement

\*These are the effects in the test space and are not the results of testing in actual use space.

### Product Specifications

Name of product: KOROSUKE Petit  
Power supply voltage: DC5V (when dedicated USB cable is used)  
Rated power consumption: 2.4W (strong wind) / 2.0W (weak wind)  
Ambient operating temperature: 0~40?  
Peripheral humidity: 20~85%  
Driving sound: 41 dB (strong wind) / 34dB (weak wind)  
Operation on power bank (10,000mAh): Approx. 15 hours  
Air volume: 0.53m<sup>3</sup>/min

Adaptive capacity (approximate): 13m<sup>2</sup>  
Dimensions: L102xW102x H62 mm  
Weight: Approx. 230g  
Country of origin: Japan

### USB Cable Specifications

Voltage/DC5V/3A Cable length/1.0m  
Connector/USB(A) - USB(TypeC)

DUE TO CONTINUOUS PRODUCT IMPROVEMENT, THE DESIGN AND TECHNICAL SPECIFICATIONS ARE SUBJECT TO CHANGE WITHOUT PRIOR NOTICE
